THE START OF SOMETHING BIG

The first school at Edneyville was in the form of a subscription school. In order for children to go to school, their parents had to pay a subscription tuition. The first school opened with Grady McGill as principal and Manuel Pressley, A.L. Hoots, and J.B. Merrell as trustees.

The school at Edneyville began growing and in 1928 the first accredited graduating class held its commencement exercises with four students getting diplomas.

The four-membered graduating class was the first step for Edneyville as it began growing even faster. In 1938, ten years after the first graduating class left Edneyville, thirty-nine students received diplomas. During the next twenty-two years Edneyville School continued to grow as it consolidated with several of the small schools in the surrounding communities.

As the days of the one-room school house became out-dated, the schools of the following communities consolidated with the Edneyville School: Barnwell, Bat Cave, Chestnut Grove, Ebenezer, Fruitland, Hickory, Liberty, Middle Fork, and Point Lookout. The first years of consolidation saw the students studying in the "old brown building." Later the old elementary building was built which served all the students until 1951 when the present high school building was erected. A new gymnasium was added to Edneyville School in 1973. In 1984 the old primary building was torn down and a new addition to the present high school facility was added.

Edneyville School has been served by seventeen principals: Grady McGill, C.F. Beets, Grace Dale James, Frank Fitzsimmons, Frank Clark, 1919-22; Mr. Brunett, 1922-23; Fred Horton, 1924-25; Ralph Jones, 1925-27; Miss Bessie Jordon, 1927-30; T.A. Cathey, 1930-42; Truman Mulligan, 1942-44; William J. Nesbit, 1944-67; Philip Croft, 1967-77; A. Dixon McLeod, 1977-78; Joseph C. Morrow, 1978-83; Frank Watkins, 1983-86; and Charles Thomas, 1986-87.

Edneyville has long been known as a producer of good athletic teams. The first trophy won by an Edneyville team was won in 1928; from then until now Edneyville has continued to win. In basketball Edneyville has won more county championships than any other county school. In 1957 football was added to the sports program. Even though this was a new sport, the team continued the winning ways of the school and won the conference championship in their second full year of football. Today the school fields teams in all major and minor sports.

Edneyville School has grown over the years to include two high school classroom buildings, two gymnasiums, a lunchroom, vocational agriculture building, green house, athletic field house, T & I building, and a library.

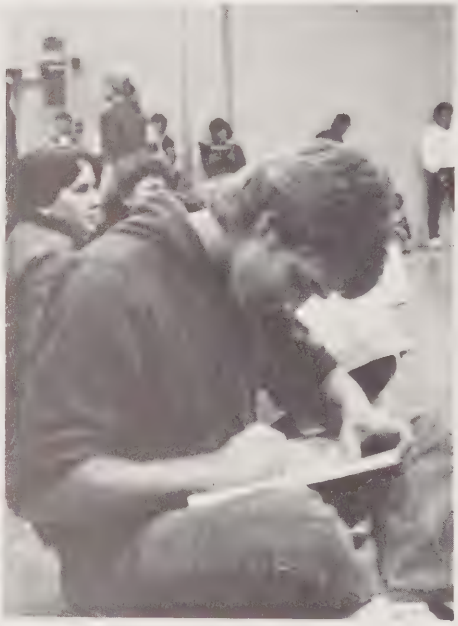
Fast Pace

Keeping Up Grades & Social Life

Life for the Edneyville student was fast paced, full of hard work and a fun-filled social time. The typical student tried to keep up his grades, participate in a sport, and have an active social life. Most students felt that trying to keep up with all the activities has been worth it. Everyone recognized the importance of good grades but also felt that the friends and fun were important factors too. All these things made the year at EHS the best year ever.

Live, Love, Laugh

Love, life and friendship meant a great deal to Edneyville. Love has been translated into a time to live and a time to laugh. Love was special memories made at the moment that will never be forgotten. Love was expressed in many ways from being with friends at school to being with family at home. Love was the special and cherished moments that meant a lot. Love was "life's problems." Love was important for everyone needed someone special that loved them.



Going to the beach, traveling, and just having a great time played a big part in many students' summer plans. No matter what the students did, the summer of '86 will long be remembered.

Ron Hartsook went to Florida and "just sat around" the rest of the summer.

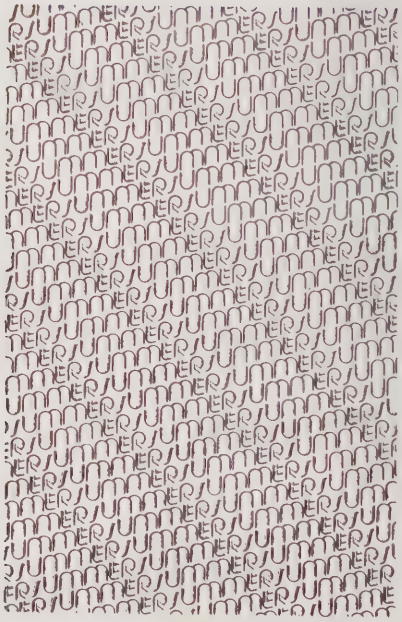
After a trip to Michigan, Tammy VanVleet spent the rest of the summer working at Fruitland Grocery Store. She said that it was a boring summer.

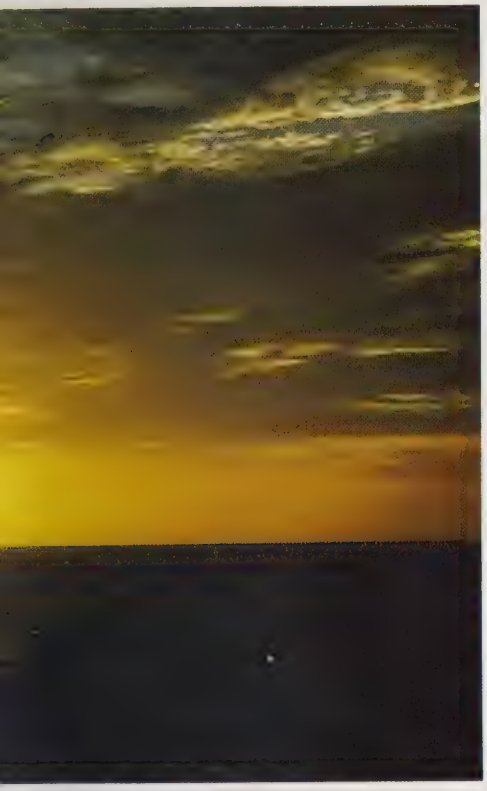
Some people had different experiences this summer. Brian, Suzette, and David had fun mowing grass at Delwood Apartments.

Through the sun and rain, William Burch could be seen skiing on the lake.

Barbie Dees and Melanie Lancaster had the fun of going to Orlando, Florida, to participate in the 1986 FHA/HERO National Convention.

The summer of 1986 was truly a sensational summer.





What you are doing this moment is today. Getting to today is what we call anticipation.

The tomorrows we wonder about — the hopes we have, the dreams we share — are all anticipations.

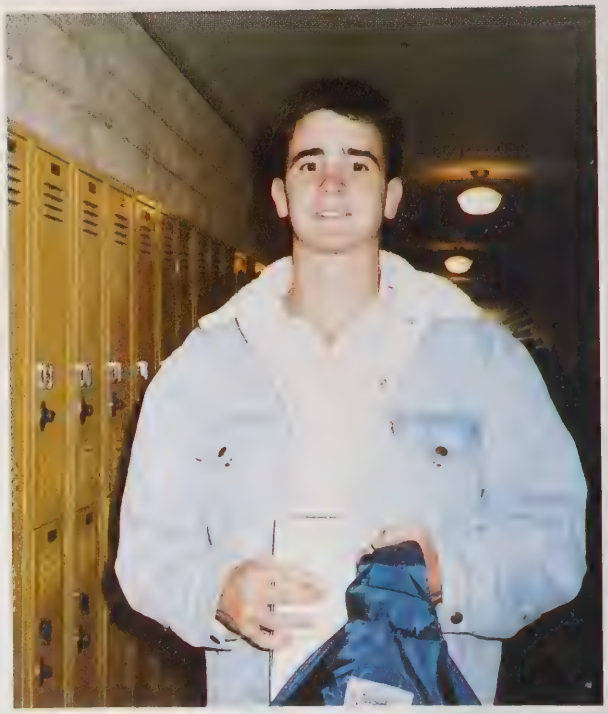
We anticipate Friday night's football game, the basketball game on Tuesday night. We wonder about the Junior-Senior, who will be Homecoming Queen, what we will do for the weekend.

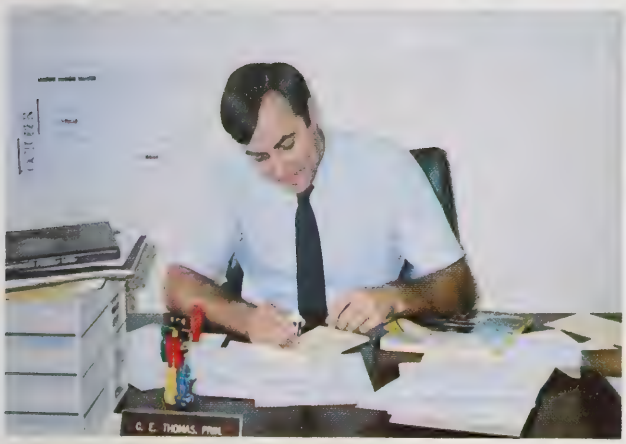
We dream of what we will be, where we will go, and what we will become.

We wonder about life and death; we anticipate love and friendship. All in all, we strive to be individuals anticipating THE START OF SOMETHING BIG.

ANTICIPATION

CCCCHANGESSSS





As the 1986-87 school year began, a relaxed atmosphere seemed to envelop Edneyville. A new class had stepped into leadership as seniors, and a new group of students came up from Edneyville Elementary as seventh graders. For the first time in many years an all-male slate of officers headed the student body.

The biggest change came in the principal position and head coach/athletic director. No new teachers were added to Edneyville's staff which in itself was a change. Spirit seemed to excel at Edneyville this year.

Classroom

Excellence in education is the goal of all schools, and truly Edneyville has its share of excellence. Academics was the element that bound Edneyville together. Academics allowed students in all classes to find an area in which he could succeed. Preparation for adult life was the ultimate goal whether it was in a college prep, general or vocational course. College prep classes helped prepare the student for the work load he could expect in college. General and vocational courses gave non-college-bound students a head start for technical school or job training.

"We've got spirit. Yes, we do. We've got spirit. How about you?"

That was the cheer that brought students to their feet all during football and basketball season. The spirit of the pep rallies was a memory of hands turning red from clapping, voices going hoarse from yelling and both class and school proving spirit. Spirit gave the school a sense of unity and a chance for most of the student body to show support for the sports teams.

E H SPIRIT

EH SPIRIT

Many people were involved in the healthy spirit for Yellow Jacket competition. Teachers and parents arrived early to man the gates, sell concessions and programs. No one arrived earlier than the statisticians and managers. The cheerleaders and *Whispering Pines* staff had already prepared and sold victory ribbons. The band and cheerleaders led the fans in their display of spirit. Then there were the fans and players who made the clashing of the two teams more than just competition — they made it a real game!

Top Of The Class

Being elected to Who's Who at Edneyville was truly an honor. Faculty members were asked to select an outstanding student from their academic areas. Being selected for this honor was not an easy task. Each teacher had to consider all the outstanding qualities of each student he taught. Other students were honored in the Who's Who section for awards they brought to themselves and Edneyville School.

HOMECOMING '86

HOMECOMING "86"

The girls that were on the Homecoming court had butterflies in their stomachs as they prepared to walk on to the football field for all of Edneyville fans to see. The excitement reached it peak as the returning queen, Miss Cindy Hill, crowned the new 1986 Homecoming Queen, Angi Lee. After the crowning, the Queen took her traditional ride around the field, followed by the court, for all the fans to see.

Once the football game came to an end, everyone progressed to the gym for the homecoming dance, "I Can See The Heaven In Your Eyes." As the dance came to an end so did the 1986 Homecoming. It became one of the many memories that makes attending Edneyville worth while.

THIS COULD BE THE NIGHT

And it was the night! The 1986 Prom, held at the Asheville Civic Center on May 17, was a complete success due to the dedication and hard work of the Junior Class. The band, "Top Secret," was a smash. They kept everyone rocking all night. Everyone who attended the Prom had a blast. This was truly the night!

Senior Class Officers

Secretary/Treasurer, Lisa Edney; President, William Burch; Vice President, Michele Thomas

After eleven years of working toward a goal, seniors spent their final year preparing for THE START OF SOMETHING BIG.

Most of us since grade school have had the idea in our minds that once we finished high school we would either go to college or go to work. We did not really know where we would go or how we would get there. We just knew that after we graduated, we would leave home to spend four more years of preparation for a career, or we would immediately step into that career.

We have spent eleven years working toward the top; we have finally made it.

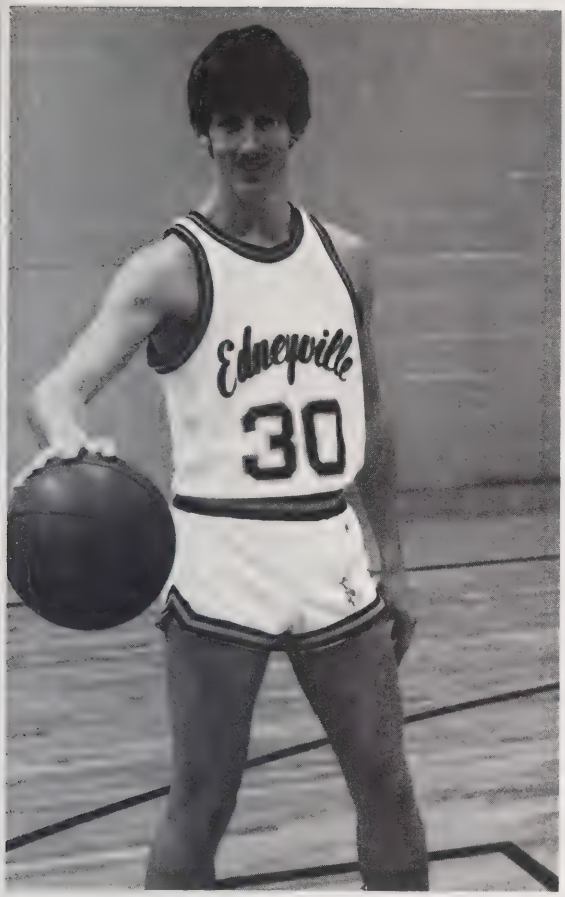
Sports

It's More Than A Game . . .



John Laughter — "Athletics has taught me hard work and team work. To be successful academically, I feel a person must know hard work and team work.

Chris Capps — "It takes practice to get better in a sport as well as academics. Golf has taught me the importance of practice."

Becky Corn — "Twirling and participating in the band has taught me that nothing comes easy; with hard work and dedication anything can be accomplished."

Amy Freeman — "I feel that athletics have helped me to have more self-discipline as a student. There are many responsibilities in being an athlete and these carry over in the classroom.

Mandy Freeman — "Being an athlete has taught me to be responsible and to organize my time. Being a good student means being responsible for your work and scheduling time to do it.

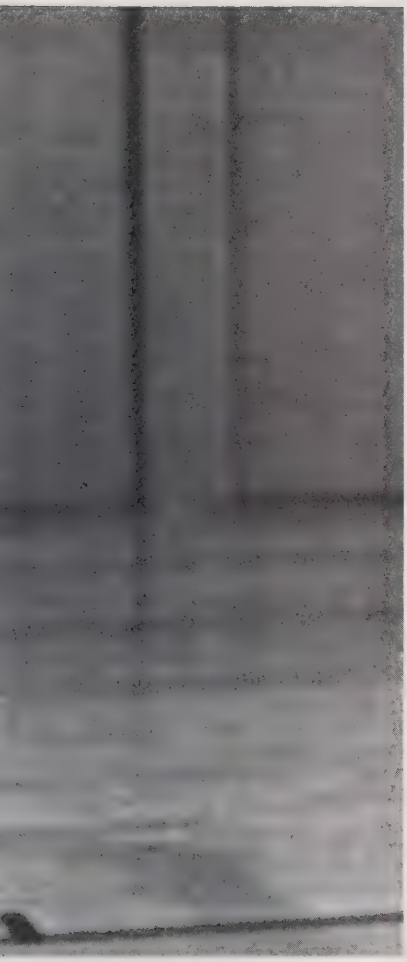
Jason Keys — "Athletics have taught me that dedication and hard work is the only way to accomplish something. No one will give it to you."

David Marlowe — "Participating in sports gives me the incentive to do more than one thing well."

Wendy Lyda — "Sports are an important part of the academic program because together they help make you a 'well-rounded' person."

Kip Taylor — "Athletics help me achieve my goals as a student. During sports I know I have to have a certain grade to keep playing, so therefore athletics keep me working hard. My coaches expect me to be a leader in the classroom as well as on the playing field."

Chris Barnwell — "Wrestling has taught me discipline and dedication. Not only can I use them in wrestling, but I can also use them in the classroom."



Lorrie Harris — "Being a cheerleader has taught me responsibility. As a result, I am a responsible student when it comes to turning in assignments on time or studying for tests."

April Corn — "Participating in music and track help to relax my mind and give me a clearer thinking process."

Larry Stepp — I owe any success I've ever had in academics or athletics to God. He has let me learn about self discipline and hard work on the court to help me achieve my goals in the classroom."

Lisa Edney — "Participating in athletics has taught me to work hard and never give up. I feel this has helped me succeed in my studies."

Tonya Lyda — "Athletics have helped me because I enjoy playing them; and I know if I don't make good grades, I will not get to participate."

Front row: Brad Steger, Allen Hyder, Dennis McCann. Back row: Troy Hall, Tom Krotz, Jr. Moe.

We're Edneyville and we're Number 1. When we get the ball, we're on the run. We don't run fast, we don't run slow. We can make a touchdown in a single show. We're like killer bees in the coolest breeze; but when we play the opponent, they just stop and freeze.

"Real pleased with the progress made over the year" a statement by new head coach Paul Stanley tells only part of the story of the 1986 football season.

Troy Hall summed up the rest when he said, "We've had the talent for the last three years but haven't won. Our young team contributed a lot at the first of the season, but injuries hurt us later on."

The Jackets ended the season with a 2-8 record, 1-3 in the conference. Barry Thomas led the rushing with an average of 60 yards a game. Jr. Moe was the leading pass receiver. Jr. Moe was the only player to make All-Conference.

Edneyville fielded a young, inexperienced J.V. team this year. If hard work and desire could have made a difference, this young team would have won every game. They played tough opponents like Rosman, Owen and Bethel but never gave up. One could say "this was a rebuilding year for the Junior Jackets." Twenty-seven young men finished a 0-6 season, but football skills were greatly improved, and the team finished the year with no injuries.

The Edneyville Marching Band was very active this year. They provided entertainment for halftime at home football games and traveled to away games to support the team with pep music. The band marched in the Hendersonville King Apple Parade, the Cherokee Festival Parade, and the Asheville Christmas Parade. They also competed in two band competitions at Enka High School and Alcoa High School in Tennessee. At the Alcoa competition the band made a superior rating. The band took their tri-annual "big-trip" to Florida this year to march in the Disney World Parade of bands. The concert band participated in a concert band competition at Asheville High School. They performed their annual Christmas and Spring concerts at the school. Most members competed individually at the All State Band tryouts at Tuscola High School. The Jazz Band played the pep music at home basketball games. They also competed in a competition at Brevard College and played for the Veterans at Oteen Veterans Hospital. This has been a good year for Mr. King and his music department.

The 86-87 yearbook staff worked diligently to put together one of the best yearbooks at Edneyville High School. Although each staff member had his own section to handle, when it came down to a deadline, everyone pulled together to get the job done. The Whispering Pines staff put in many hours before and after school cropping pictures, laying out 3r's and thinking up copy to capture the memories of the 86-87 school year to deliver the final product to you.

To Our Sponsor

The Whispering Pines Staff would like to take this opportunity to thank our sponsor, Miss Nancy Edwards for her dedication and time to Edneyville High School and the Whispering Pines. Miss Edwards has taught us much more than just layout and English, she has taught us about life and shown us from day to day what a good and caring teacher really is. She is not only a teacher but a good friend. Without her support, time and caring, it would be impossible to put out the yearbook.
